Sock Net with Frame

SLVSN-Sock Net with Frame

Thank you for purchasing a Louisville Slugger product. Our silver series offers high quality sports training equipment. please visit our website at www.Slugger.com or call 1-800-282-2287 with questions or to purchase accessories.

Frame Assembly Instructions:

Remove all protective covering.

Connect the numbered tubing as shown in the diagram.

Be sure to secure the frame into place by using the snaps.

Due to the coating on the frame, the attachment may be difficult, but the tubing will slide together.

Net Attachment:

The SLVSN net is a "slip-on" style net.

After the frame is together, line up the net so it will "slip-on", over the frame.

Make sure the "Sock" is pulled out so it will fit properly and will allow for proper use

***Always use caution when assembling and using this product!**
